25c a pair.

Value, 50c.

MAY TURN BACK OUR CLOCKS

Cincinnati Wants Washington to Adopt Plan.

Commissioner Macfarland Refers to Business Men the Proposition to Make Summer Day Longer.

Commissioner Macfarland yesterday received a letter from the National Daylight Association of Cincinnati, in which that association asks the Commissioners to take official action looking to the passage of legislation adopting their new standard for summer time.

The plan of this association is "that from and after 2 o'clock on the morning of May 1 each year until 2 o'clock on the morning of October 1 in each year, the standard time shall be one hour in advance of the standard time now in use." This proposition is to be carried out by advancing the hands of the clock one hour on May 1 and moving them back one hour October 1. The communication points out that legislation to this end is pending in England, Canada, and the United States, and that the city of Cincinnati has passed a simple but comprehensive ordinance establishing this time.

The matter has been referred to the presidents of the Board of Trade and the Chamber of Commerce for advice, and the opinion of citizens, especially business men, is sought as to whether the plan is feasible, and whether the Commissioners should recommend its adoption in Washington.

It is argued by the friends of the movement that by the adoption of the plan working hours would begin one hour earlier during the summer months and end one hour earlier, adding an hour of rest and recreation to the daylight life of all, making the summer evening one hour longer than now enjoyed.

NEW BILL PREPARED.

Commissioners Will Ask Congress to Authorize Site Purchase.

The deficiency appropriation bill, which will be introduced in the House tomorrow, will provide for the Commissioners of the District to take title to the workhouse site in Virginia and the reformatory site in Maryland in the name of the United States.

The purchase of the sites for these two penal institutions has been delayed until authority can be secured by Congressional legislation to meet the requirements of the Virginia and Maryland codes providing for the cession of sovereignty to the United States over lands in those States. As soon as Congress fixes this authority in the Commissioners the site for the reformatory in Maryland will be quickly decided upon, and the work of erecting both institutions will commence as soon as possible thereafter.

GOVERNORS' AID SOUGHT.

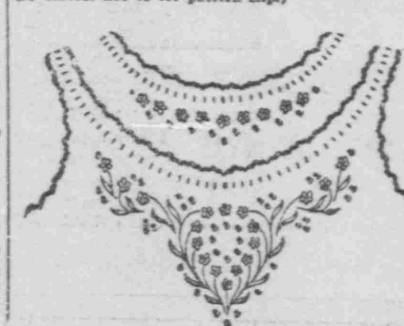

T. V. Powderly Would Distribute Agents in Various States.

Terence V. Powderly, chief of the division of Information of the Department of Commerce and Labor, has communicated with the governors of the various States and Territories with a view to obtaining their co-operation in the more general distribution of agents.

The step was taken owing to the general demand in the rural districts for information of the kind that the letters were written as an invitation to the governors to send in their opinions with a view to a better understanding of the matter, and in order that all available information regarding the resources, products, and physical characteristics of each State and Territory may be sent to the bureau.

TRANSFER PATTERNS.

(Upon receipt of this pattern, ordered on coupon below, the rough or glazed side of pattern down on material to be stamped, then press flat on the back or smooth side of the pattern. Be careful not to let pattern slip.)

Paris Transfer Pattern No. 8042. Back and front design of forget-me-nots and eyelets, for corset-cover which slips on over the head. The flowers and leaves are to be worked solid with white cotton thread, the dots, eyelets and the silks of the ribbon overcast, and the scalloped edge that it will be thick and stand out in high relief on the material. A pretty effect is gained by adding a narrow frill of Valenciennes lace edging, which lies against the neck and is slightly full between the scallops.

PLAN OVATION TO GOMPERS

Central Labor Union Host to A. F. L. President.

Twenty-five Thousand Organized Labor Men to Meet Big Chief on Arrival in Washington.

When Samuel Gompers, president of the American Federation of Labor, returns to this country from his European trip of inquiry into labor conditions abroad, he will be lionized by organized labor probably as no other civilian was ever before honored. New York labor interests will tender him a reception upon his landing in the metropolis the first week in October.

What Washington will do to honor the president of the big labor organization will be only measured by an enthusiastic parade of the eighty-odd labor organizations in the District, forming the Central Labor Union, numbering between 30,000 and 35,000 skilled workmen.

The central body has started a movement in conjunction with the Building Trades Council to meet Mr. Gompers at Union Station with the army of organized labor men of the District, and escort him through the principal streets of the Capital City, winding up the parade at Convention Hall, where he will be received by the president of the central body in an address of welcome. Among the other speakers there will be several members of Congress who were elected to Congress as labor representatives, and other members who are friendly to organized labor. Mr. Gompers is expected to make a short address.

A large committee will meet Mr. Gompers probably at Philadelphia and escort him to the city. A committee of twenty-five will be appointed by Central Labor Union next Monday night to perfect arrangements for this big demonstration, and the Building Trades Council will appoint a similar committee during the week.

When Baby Has a Pain.

From the New York Press. The next time baby screams with colic, instead of doing it with soothing syrups, old nurse remedies, such as catnip tea and the decoctions to which our grandmothers pinned their faith, try what hot water slipped from a spoon or taken through a bottle will do to relieve the pain. The water should be fresh and boiled, but not boiling. Care must be taken that it is not hot enough to burn the delicate tongue and gums. This will usually give relief, and can be repeated frequently with no danger to the child.

Chamois Gloves.

Chamois gloves in cream color and pale yellow are extremely smart with tailored suits of wool or mohair, but when the weather is very warm nothing but a silk glove is bearable.

IN THE SOCIAL WORLD

Mrs. Leiter Gives Luncheon in Honor of Miss Taft.

NEW SPANISH MINISTER SAILS

Marquis de Villalobar, who leaves London for this post, well known here as ambassador and baroness Takahira sail for Japan next week. Mrs. Maurice F. Egan arrives.

Mrs. L. Z. Leiter, of this city, who has for the summer the Dudley L. Pickman cottage, in Neptune street, Beverly, Mass., entertained at luncheon there yesterday in honor of Miss Helen Taft, daughter of the President. Tennis preceded the luncheon. Among the guests were Miss Carolyn Nabuco, daughter of the Brazilian Ambassador, who is spending the summer with her parents at Beverly.

The Japanese Ambassador and Baroness Takahira and Baroness Kiyi, their young daughter, will sail on July 24 for their home in Japan, expecting to return to Washington in the autumn. The Ambassador to Japan from the United States, Mr. E. A. Mearns, will sail about that time for his country.

The new Spanish Minister to this post, the Marquis de Villalobar, who has been some weeks in London, will sail next Saturday for New York en route to Washington. The Marquis is a native of the Basque country, and by means of his uncle, the Duke of Veragua, represented the Spanish government as a direct lineal descendant of Columbus at the World's Columbian Exposition at Chicago in 1893. The Marquis has served since that time as secretary to the Spanish Embassy in Paris and later in London, where he made a splendid record. It is said that it was due to his diplomacy and tact that the marriage between the Spanish King Alfonso and the English Princess Ena was brought about. His arrival in Washington is being looked forward to with much interest, although, of course, he will not remain here long during the summer season, but will go North until the cooler weather sets in.

Mrs. Maurice Francis Egan, wife of the United States Minister to Denmark, arrived in New York yesterday and came on to Washington to join her son-in-law and daughter, Mr. and Mrs. J. P. E. Murphy, in their apartment at the Oakland. Mr. Gerald Egan, of this city, met his mother in New York and escorted her here. Mr. and Mrs. Murphy were married in the last week at Copeland, N. Y., in September and have lived in Washington since. The Minister will join his family here late in September and probably remain until some time in December.

Mr. Paul Ritter, the new Swiss Minister, will spend his summer in Washington, except for week-end parties, and in the early fall will go to Seattle to meet Mrs. Ritter, who will arrive there from Japan. Both will visit the exposition. They will then come on to the legation in this city, which has not had a mistress for some years, as one of the predecessors of Dr. Ritter was a bachelor, and the wife of the other was not able to endure the climate of Washington.

Mr. Joseph Leiter joined Mrs. Leiter here for the week-end last Saturday in the apartment of her mother, Mrs. John R. Williams, at the Connecticut. They were out for a motor trip on Monday afternoon and saw the scene of the Wright sailing yesterday for Europe. They will go to Carlsbad, and then take a motor trip on the Continent, visiting England and Mr. Leiter's sister, Mrs. C. C. Campbell, and Mrs. Colin Campbell, before returning to the United States. Mrs. Leiter's younger sister, Miss Dorothy Williams, who has spent the early summer in this city, left yesterday for a motor trip to Atlantic City. They will go on to New York later, and will be joined by Mr. Flynn and Dr. Richardson for a tour of the Berkshires.

Mrs. Flynn, wife of former Representative Dennis T. Flynn, of Oklahoma, who has been the guest of her son-in-law and daughter, Mr. and Mrs. J. J. Richardson, left yesterday for a motor trip to Atlantic City. They will go on to New York later, and will be joined by Mr. Flynn and Dr. Richardson for a tour of the Berkshires.

Chief Engineer and Mrs. Thomas Williamson, U. S. N., after a short visit to their country place, "Shirley," Va., have returned to Chevy Chase, where they intend to spend the remainder of the summer.

The engagement is announced of Miss Elizabeth Stoddard, daughter of Mr. and Mrs. J. M. Stoddard, to Mr. W. C. Casey, of Washington. The announcement was made at a reception given last Saturday afternoon in honor of the bride-elect in St. Louis. Her home is in Carondelet, Mo. The wedding will occur in September, and the couple will make their home in Washington.

Mr. and Mrs. P. L. Weinstein, of 1534 New Jersey avenue northwest, will celebrate their fifteenth wedding anniversary this evening.

Mrs. Albert Clifford Barney and her daughter, Miss Laura Barney, will finish their trip through the Yellowstone Park in time for Miss Barney to sail from New York for France July 23. Mrs. Barney will then go to Bar Harbor, where she has not been for many seasons, although she was in the habit of spending all her summers there until a few years ago. Her cottage there, "Ban-y-Bryn," has been rented to Mr. Jacob H. Schiff and family during these years of absence. Mrs. Barney has been a leader there, and has been greatly missed.

Bishop William Paret, of Maryland, formerly rector of Epiphany Church, in this city, and Mrs. Paret are at Deer Park, Md., where they are spending the summer. The Bishop has entirely recovered from his recent illness. He will return to Baltimore on September 20 to attend the consecration of Rev. John Gardner Murray, rector of St. Michael and All Angels' Church, as bishop coadjutor.

Bishop and Mrs. Paret will sail for Europe early in October. They will make a few months' stay in Naples, and then go to Rome. Later they will visit Florence and the Italian lakes, and short stays will be made in Switzerland, Germany, France, and Holland.

Mr. and Mrs. Theo. Barnes, of this city, have opened their summer cottage, The Pines, Colonial Beach. They have with them their daughters, Misses Mabel and Besse Barnes, and their sons, Theo. Jr., and Julian Barnes, have returned to Washington after a visit there.

more, accompanied by Mrs. Childs and her infant daughter, Miss Muriel Childs. Mrs. Childs will probably remain in Baltimore for a week or two before departing for the mountains of Frederick County for the summer.

Rev. Richard D. Harlan, of this city, and his son, Mr. John Harlan, of Chicago, have gone to Murray Bay, Canada, where they are close neighbors of Chief Justice Harlan, of the United States Supreme Court, who makes his summer home there.

Admiral Willard Brownson, U. S. N., Mrs. Brownson, and their daughter, Miss Caroline Brownson, have gone for the summer to Murray Bay, Canada, where they have taken a cottage. Miss Brownson is identified with the set which includes Miss Helen Taft and her cousin, Miss Louise Taft, are the central figures.

Dr. and Mrs. S. Eastman Moore have gone to Lake George, N. Y., for the summer of the season. This is their fifth season there. They have taken apartments at the Trout House.

Ocean City, Md., has quite a contingent of Washingtonians this year, even more than usual. This resort has always been a favorite place for the week-end with Washington folks who have but little time to spare. Some of the recent arrivals there include Mr. and Mrs. J. M. N. Whiting, Miss Gertrude C. Fry, Mrs. C. H. Quintard, Miss D. Quintard, Mr. H. Quintard, Mr. C. H. Quintard, Miss Clara F. Emory, Mr. E. Emory, Mr. A. B. Duval, Mr. Walter H. Cox, Jr., Mr. and Mrs. C. T. Evans, Mr. and Mrs. E. M. Steinwatz, Mr. and Mrs. L. P. Edwards, Mr. Walter S. Penfield, Mr. G. T. Worthington, and Mr. F. C. Worthington.

The secretary of the Honduran Legation, Senor Guillermo Moncada, has gone to the summer of the Highlands, N. J., for the balance of the hot season.

Mrs. Oliver Wendell Holmes has arrived at her cottage at Beverly Farms. Justice Holmes will go later.

A wedding announcement of much interest to Washington comes all the way from Los Angeles, Cal. It is on the announcement cards of Col. and Mrs. Rufus H. Herron of the engagement of their daughter, Miss Edna Herron, to Lieut. William Hamilton Toaz, U. S. N. The wedding is to take place in Christ Episcopal Church, Los Angeles, Cal., on the evening of July 24.

RAISING CONVENTION FUND

Chamber of Commerce Committee Takes Up Task.

Makes Promising Start for Money to Entertain Sons of Veterans and Union Veteran Legion.

The special committee of the Chamber of Commerce having charge of raising a fund for the entertainment of the convention of the Sons of Veterans and the Union Veteran Legion met last night, Chairman R. N. Harper presiding. The committee discussed ways and means of raising the necessary money for the purpose, and decided, on motion of D. J. Callahan, that the members of the committee should first visit certain organizations and invite them to contribute to the fund, and then hold a meeting on Tuesday of next week to give in their reports and make arrangements to raise the balance.

George F. Schutt will secure a subscription from the Hotel Men's Association, D. J. Callahan from the transportation companies, Allen D. Albert from the newspapers, William F. Gude from florists and allied organizations, and C. I. Corby from the Baker's Association. It is thought that with these subscriptions, which will be ready to report in one week, the greater part of the necessary fund will be in sight, and that only a small balance will be necessary to be had by general subscription.

This afternoon the joint committee on city planning will meet at 3 o'clock for the purpose of considering its report.

This evening at 8 o'clock the committee on advertising, Isaac Gane chairman, will hold an important meeting.

On Thursday evening, at 7:45 o'clock, the subcommittee having charge of possible changes in the form of the municipal government will meet, at which time M. I. Weller, F. S. K. Smith, Frederick Siddons, and Charles W. Darr will address the committee. A general invitation has been sent to members of the Chamber to attend this meeting.

PLAN JOINT EXCURSION.

Knights Templars Will Spend Friday at Beach.

The joint annual excursion of the Chicago Club of the Potomac Commandery, No. 3, Knights Templars, and Mispah Chapter, No. 3, O. E. S., will be given Friday at Chesapeake Beach. Various athletic and other contests will be included in the programme and excellent prizes have been provided for the winners in all contests, which are scheduled to begin promptly at 3 o'clock.

The outing will be given under the personal direction of W. H. Harrison, assisted by the following committees: Executive committee—Mrs. Nannie E. Morgan, vice chairman; Mrs. Helen E. Barnard, Dr. Charles T. Lindsey, John C. Proctor, Mrs. Elizabeth McNeal, J. G. Huddleston, and Lem Towers, Jr., prize committee—Mrs. Helen E. Barnard, chairman; Mrs. J. J. Rosemond, Mrs. J. B. Pick, Mrs. J. C. Proctor, and Mrs. C. W. Cornwell. Amusement committee—Dr. Charles T. Lindsey, chairman; W. F. Hunt, E. S. Brown, D. F. Dumbeth, and Charles Chamberlain. Transportation committee—John C. Proctor, chairman; John F. Darcey, W. S. Wadley, John S. Berryman, and J. E. Wagner. Badge committee—Mrs. Elizabeth McNeal, chairman; Mrs. G. G. Stroppe, Miss Lulu Cunningham, Miss Lillie Myers, and Mrs. Roberta Sebastian. Entertainment committee—J. G. Huddleston, chairman; Dr. M. E. R. A. Daw, S. G. Barnard, and J. W. Michael. Public comfort committee—Lem Towers, Jr., chairman; Mr. W. Summers, E. J. Whitman, E. Hume Talbot, and E. W. Potter.

COMMITTEE TO BE PERMANENT.

To Perpetuate Safe and Sane July 4 Celebration.

Commissioner Macfarland has asked William F. Gude, president of the Chamber of Commerce, and John H. Small, president of the Board of Trade, to reappoint permanently the representatives of the two bodies who formed the joint committee on the safe-and-sane celebration of the Fourth of July.

At a meeting yesterday it was decided that the constituent bodies be asked to continue the joint committee indefinitely and that the committee should work out a permanent organization for the perpetuation of a safe-and-sane celebration of Independence Day.

Ocean Steamships.

New York, July 13—Arrived: Kaiser Wilhelm der Grosse, Bremen, July 8; Friedrich der Grosse, Bremen, July 7. Arrived: Locusta, at Queenstown; Oceanic, Plymouth; Kronprinz Wilhelm, at Bremen. Sailed for foreign ports: Kaiser Wilhelm II, from Bremen.

J. H. AUBERE DEAD

End Follows Breakdown of Able Newspaper Man.

BRILLIANT CAREER CLOSED

As Representative of the St. Louis Globe-Democrat He Had Become One of Washington's Best-known Correspondents—Youngest Member of the Gridiron Club.

Jewell Howard Aubere, head of the Washington Bureau of the St. Louis Globe-Democrat, died at his home, 1309 Kenyon street northwest, at 1:30 o'clock yesterday afternoon, after an illness following a nervous breakdown on October 15 last.

The immediate cause of his death was heart failure. Mr. Aubere had been off duty for more than three months, endeavoring by rest and medical attention to regain his health. He had gained steadily up until a week ago Monday, when the effects of the hot weather just preceding told on him, and he suffered a relapse, from which he never rallied.

The body will be taken to Havana, Ill., for burial. Mrs. Aubere and Miss Rubie Aubere, a sister of the deceased, who arrived in Washington only Monday, will accompany the remains. The two little children—Eleanor and Louis—will also be of the party.

There will be no services in Washington, but through King Solomon Mason Lodge of this city arrangements are being made for a Masonic funeral at Havana.

Represented Globe-Democrat.

Mr. Aubere was born at Havana, Ill., May 3, 1875. He attended the local schools and graduated from the Havana High School. His first newspaper employment was as a young man on the Mason County Democrat. From there he went to Peoria, Ill., to become telegraph editor of the Peoria Transcript. He later occupied a similar position on the Peoria Journal.

In 1896 he went to St. Louis, and after working with Walter B. Stevens, then head of the Washington bureau of the St. Louis Globe-Democrat, in reporting the convention which nominated William McKinley in that city in 1896, became permanently attached to the Globe-Democrat staff. He came to Washington in 1900, and in 1902, when Walter B. Stevens was selected as secretary of the Louisiana Purchase Exposition at St. Louis, succeeded Mr. Stevens as head of the Washington bureau. Soon after coming to Washington Mr. Aubere married Miss Estelle Urban, of Chicago, who, with the two children, survive him.

For a man of his years Mr. Aubere had attained unusual prominence in the newspaper field. He was also known as a general writer and was a frequent contributor to magazines. He enjoyed not only an intimate acquaintance, but friendship among the higher officials of the government, who placed implicit confidence in him. As testimonials of their regard, a remarkable collection of portraits and photographs bearing personal tributes of friendship adorned the walls of the Globe-Democrat bureau, of which he was naturally proud. He was a tireless worker, energetic always, and ever faithful to a trust.

Worn Out by Campaign.

His breakdown came at the end of a trip across the State of Missouri with Gov. Hughes, of New York, last October. This followed a similar trip with President Taft, then the Republican nominee. At the end of the Hughes trip he was in such a state of exhaustion from overwork and broken rest that he was prevailed upon to retire from further active work in the campaign.

He returned to Havana, where he remained a few weeks, then came on to Washington, arriving here the day before the November election. He was confined to his home until the meeting of Congress on December 7. He managed to keep up until the end of the short session, and until the special session had gotten fairly started, when on the advice of physicians and friends he retired from activity. Since that time he has been under the constant surveillance of his physicians.

Mr. Aubere was a member of the Gridiron Club, the National Press Club, and was a first-degree Mason, holding membership in King Solomon Lodge No. 3, and Mithras Lodge, of the Scottish Rite. Mr. Aubere had traveled extensively for his paper, covering the greater part of the United States, and during the Spanish-American war went to Cuba as correspondent. He represented the Globe-Democrat at the Portsmouth Peace Conference, at which was settled the Russo-Japanese war, and was one of the few correspondents there who constantly reflected in his dispatches the probability of an amicable settlement.

On account of this, he received one of the most fulsome and commendatory editorials that a paper has been known to bestow on one of its staff. During the Roosevelt administration he enjoyed particularly close relations at the White House, and Speaker Cannon was one of his best friends. He was one of the youngest members of the Gridiron Club, having been initiated only last winter, although elected to membership nearly a year before.

Loved Home Life.

Mr. Aubere was of a sunny disposition, and made friends readily. He performed his "stunt" at the time of his initiation into the Gridiron Club, singing a solo, though it taxed his vitality. He was a lover of books, and had collected a splendid library. He was particularly devoted to his little family.

Mr. Aubere was left motherless when nine years of age, and his father died much as he did—when quite a young man. His two sisters, Miss Rubie Aubere and Miss Pearl Aubere, reside at Havana. One is a teacher and the other city librarian.

There will be a special meeting of the Gridiron Club to-day at noon at the New Willard to take action on the death of Mr. Aubere. A call has been issued to the correspondents in Washington to meet this afternoon at 2 o'clock in the Senate press gallery to arrange for suitable tribute to be accorded Mr. Aubere.

To Rid the Face of Freckles.

From the Boston Herald. This is the time of year that freckles are planted on unwilling faces. You will find a good proprietary bleach of splendid benefit. Get a bottle of some reliable dealer and apply according to directions. The old-fashioned face-awellers and skin-popping lotions are out of vogue and in their place are sold, safe, slow-working bleaches that clear away black heads and toughness of the cuticle along with the heart-hurting little speckles and spots.
